

AA490111
Vario control knob ventilation 400 series
stainless steel

Solid stainless steel control knob
Can be combined perfectly with other Vario appliances of the 400 series
Motorless, can be combined with Gaggenau BLDC remote fan units

Handling

Control knob with illuminated ring and output marking.

Features

3 electronically controlled power levels and 1 intensive mode.
Run-on function, 6 min.

Planning notes

The separate electronics housing is to be installed so that it is accessible.
Secure the control unit to the side panel of the cabinet, not to the base of the cabinet or the kitchen floor.
When installing a ventilation hood with air extraction mode and a chimney-vented fireplace, the power supply line of the ventilation appliance needs a suitable safety switch.

Connection

Total connected load 10 W.
Connecting cable 1.8 m, pluggable.
